

- Strong, lightweight double action design requires 40% less force to cut wires and pins than other double action cutters.
- Titanium Nitride (TiN) coated tungsten carbide inserts (TC) are harder and last longer than regular tungsten carbide.
- Silicone inserts hold remnant wire securely, helping to prevent flying pieces.

**GIANT Cutter Technology**

## Drahtschneidezangen / Wire Cutting Pliers

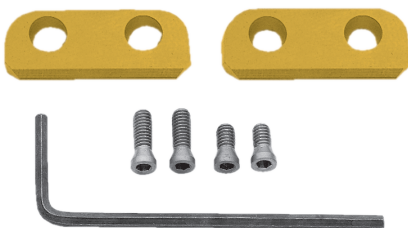

### GIANT Drahtschneidezange

- über 40% Kraftersparnis
- für harte und weiche Drähte bis **max. ø 2,2 mm**
- auswechselbare Hartmetallschneiden
- auswechselbare Gummibacken
- komplett sterilisierbar

### GIANT Wire Cutter

- over 40% reduced effort
- for hard and soft wires of **max. ø 2,2 mm**
- exchangeable TC-Inserts
- exchangeable silicone jaws
- fully autoclavable

**30-106.18R** 18 cm / 7" rechts / right

### 30-106.18SP

- 1 Paar Hartmetallschneiden / 2 Paar Schrauben / 1 Imbusschlüssel
- 1 pair of TC-Inserts / 2 pairs of screws / 1 Allen key

### 30-106.01

- 1 Paar Gummibacken / 1 Paar Schrauben / 1 Schraubendreher
- 1 pair of silicone jaws / 1 pair of screws / 1 Screwdriver

## Drahtschneidezangen / Wire Cutting Pliers

**30-106.18L** 18 cm / 7" links / left

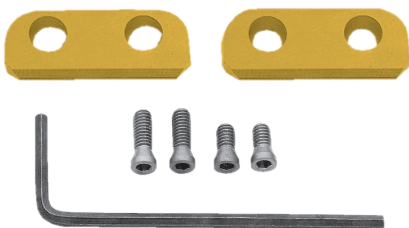

### GIANT Drahtschneidezange

- über 40% Kraftersparnis
- für harte und weiche Drähte bis **max. ø 2,2 mm**
- auswechselbare Hartmetallschneiden
- auswechselbare Gummibacken
- komplett sterilisierbar

### GIANT Wire Cutter

- over 40% reduced effort
- for hard and soft wires of **max. ø 2,2 mm**
- exchangeable TC-Inserts
- exchangeable silicone jaws
- fully autoclavable

### 30-106.18SP

- 1 Paar Hartmetallschneiden / 2 Paar Schrauben / 1 Imbusschlüssel
- 1 pair of TC-Inserts / 2 pairs of screws / 1 Allen key

### 30-106.01

- 1 Paar Gummibacken / 1 Paar Schrauben / 1 Schraubendreher
- 1 pair of silicone jaws / 1 pair of screws / 1 Screwdriver

## Drahtschneidezangen / Wire Cutting Pliers

### GIANT Drahtschneidezange

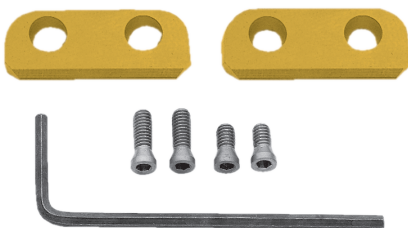

- über 40% Kraftersparnis
- für harte und weiche Drähte bis **max.  $\varnothing$  3 mm**
- auswechselbare Hartmetallschneiden
- auswechselbare Gummibacken
- komplett sterilisierbar

### GIANT Wire Cutter

- over 40% reduced effort
- for hard and soft wires of **max.  $\varnothing$  3 mm**
- exchangeable TC-Inserts
- exchangeable silicone jaws
- fully autoclavable

**30-106.23**  
23 cm / 9"

#### 30-106.23SP

- 1 Paar Hartmetallschneiden / 2 Paar Schrauben / 1 Imbusschlüssel
- 1 pair of TC-Inserts / 2 pairs of screws / 1 Allen key

#### 30-106.01

- 1 Paar Gummibacken / 1 Paar Schrauben / 1 Schraubendreher
- 1 pair of silicone jaws / 1 pair of screws / 1 Screwdriver

## Drahtscheidezangen / Wire Cutting Pliers

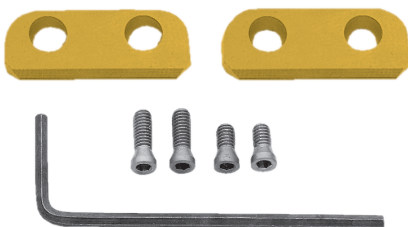

**30-106.28**  
28 cm / 11"

### XXL GIANT Drahtschneidezange

- über 40% Kraftersparnis
- für harte und weiche Drähte  
**ab 2,0-3,5 mm**
- auswechselbare  
Hartmetallschneiden
- auswechselbare Gummibacken
- komplett sterilisierbar

### XXL GIANT Wire Cutter

- over 40% reduced effort
- for hard and soft wires of  
**2.0-3.5 mm**
- exchangeable TC-Inserts
- exchangeable silicone jaws
- fully autoclavable

### 30-106.28SP

- 1 Paar Hartmetallschneiden / 2 Paar Schrauben /  
1 Imbusschlüssel
- 1 pair of TC-Inserts / 2 pairs of screws / 1 Allen  
key

### 30-106.01

- 1 Paar Gummibacken / 1 Paar Schrauben /  
1 Schraubendreher
- 1 pair of silicone jaws / 1 pair of screws / 1  
Screwdriver

## Plattenschneidezangen / Plate Cutting Pliers

**30-107.23**

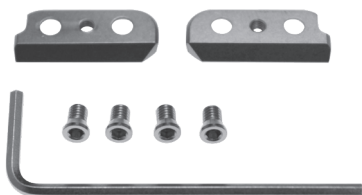

23 cm / 9"

### GIANT Plattenschneidezange

- über 40% Kraftersparnis
- für schmale Platten wie z.B. Titan Wirbelsäulenimplantate bis max. 1,5mm Stärke
- auswechselbare Hartstahlschneiden
- auswechselbare Gummibacken
- komplett sterilisierbar

### GIANT Plate Cutter Plier

- over 40% reduced effort
- for narrow plates e.g. titanium spinal implants up to max. 1.5mm thickness
- exchangeable GIANT steel blades
- exchangeable silicone jaws
- fully autoclavable

**30-107.23SP**

- 1 Paar Hartstahl Schneiden / 2 Paar Schrauben / 1 Imbusschlüssel
- 1 pair of GIANT steel blades / 2 pairs of screws / 1 Allen key

**30-106.05**

- 1 Paar Gummibacken / 1 Paar Schrauben / 1 Schraubendreher
- 1 pair of silicone jaws / 1 pair of screws / 1 Screwdriver

## Kopf- und Seitenscheider / Front and Side Cutting Pliers

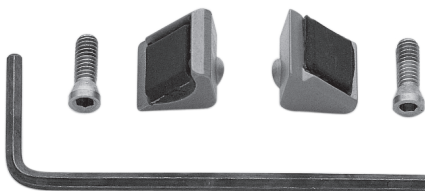

**30-107.18**  
18 cm / 7"

### GIANT Kopf- und Seitenschneider

- über 40% Kraftersparnis
- für harte und weiche Drähte bis **max. ø 1,6 mm**
- austauschbare Hartmetallschneiden mit integrierten Gummibacken
- komplett sterilisierbar

### GIANT Front and Side Cutter

- over 40% reduced effort
- for hard and soft wires of **max. ø 1.6 mm**
- exchangeable TC-Inserts with integrated silicone jaws
- fully autoclavable

### 30-107.18SP

- 1 Paar Schneideinsätze mit integrierten Gummibacken /  
1 Paar Schrauben / 1 Imbusschlüssel
- 1 pair of TC-inserts with integrated silicone jaws /  
1 pair of screws / 1 Allen key

## Schneid- und Haltezangen / Grip and Cutting Pliers

**30-108.18**  
18 cm

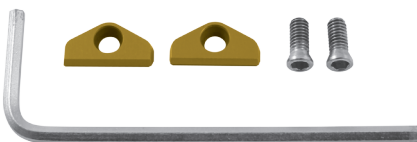

### GIANT Schneid-Haltezange

- über 40% Kraftersparnis
- für harte und weiche Drähte bis **max. ø 2 mm**
- auswechselbare Hartmetallschneiden
- auswechselbare Gummibacken
- komplett sterilisierbar

### GIANT Grip and Cutting Pliers

- over 40% reduced effort
- for hard and soft wires of **max. ø 2 mm**
- exchangeable TC-blades
- exchangeable silicone jaws
- fully autoclavable

### 30-108.18SP

- 1 Paar Hartmetallschneiden / 1 Paar Schrauben / 1 Imbusschlüssel
- 1 pair of TC-blades / 1 pairs of screws / 1 Allen key

### 30-106.04

- 1 Paar Gummibacken / 1 Paar Schrauben / 1 Imbusschlüssel
- 1 pair of silicone jaws / 1 pair of screws / 1 Allen key
